FINANCE COMMITTEE MEETING June 12, 2017

MINUTES

The Finance Committee met at 10:45 A. M. at school to discuss revisions to the Financial Management SOP:

Members present were Chairman Bill Murry, Ro Chabot, Jo Chabot, and Leo Pacheco. Ex officio member Sharon Murry took notes. Administrator Teecy Matthews also attended.

Decisions at the meeting were made by consensus. No votes were taken.

The members made some changes to the Financial Management SOP revisions proposed by Bill Murry. Most discussion concerned the type and timeliness of reports to be provided to the Board of Trustees at the monthly meeting and the need for fund raising guidelines. A copy of the draft revision that will be presented to the Board for approval at the June meeting is attached. Proposed changes are inserted in red. Provisions to be deleted are lined through.

Teecy Matthews suggested that the monthly Board meeting be moved from the third Tuesday to the second Tuesday of the month in order to provide the Board with timely financial information without needing to produce a mid-month Treasurer's report. The goal is to provide Board members with a Board packet that includes financial information by the Friday preceding the Board meeting.

Additional business discussed at the meeting:

Sharon Murry agreed to ask the landlord David Cope to change our lease to require payment in mid-month instead of on the first of the month. This change would ensure that OCMS has received before we need to pay rent each month the monthly MCPS payment that never arrives by the first of the month and is always there by the 15th.

Teecy Matthews secured a \$15,000 donation. Ro Chabot wanted to use the funds to establish a separate bank or investment account to begin an endowment or other type of account that would protect the money from being spent on day-to-day expenses. The \$15,000 is needed to meet end-of-academic--year expenses and the required reserve, but the

committee members are open to the idea of discussing further the establishment of an endowment or similar fund as soon as we have money to put into the account.

The 2017-2018 budget is due to MCPS by June 30. Bill Murry and Teecy Matthews expect to be able to discuss the budget at the June Board meeting.

Respectfully submitted,

SHARON MILLER MURRY Recorder

Annual Report to the Board of Trustees

By-Laws:

There were no changes/additions to the By-Laws during the fiscal year 2016-2017.

Parliamentarian:

There were no parliamentary conflicts during this past fiscal year.

Information Technology:

Computers:

Starting in July 2016, we were able to purchase 40 laptop computers unassembled. We were able to purchase additional memory to bring the laptop memory to 5 megabytes. We were also able to purchase 160 gigabyte hard drives for each of the laptops along with the necessary Windows 10 licenses for each of the laptops.

Additionally, we were able to get an additional 3 Chrome Books via the Digital Classroom Plan through the Marion County School District.

Computer Lab:

Prior to the beginning of the school year, we constructed a computer lab designed for testing with a half wall down the middle of the room rather than just an open room. We purchased outside contractors to do the Ethernet wiring for the classroom machines as using WiFi was too slow for the testing programs. While the contractor was wiring the computer lab and administration offices, they also pulled wiring for the school's telephone system.

Future needs for the IT area is to have WiFi throughout the school especially in suite 200.

Treasurer Report

Attached to this Treasurer Report are the reconciled financial activity ledgers for March, April, and May 2017, an interim ledger for Jun 2017, and a budget status summary as of Jun 19, 2017. The March and April activity ledgers are corrected copies that supersede the activity ledgers submitted in the May Treasurer Report. Items highlighted in blue have cleared the bank; items undated and not highlighted are outstanding. As of Jun 19, we had a checkbook balance of \$27,462.54 in our General Account plus \$582.54 in our SQUARE Account for a total of \$28,045.08 in the bank. Accounts Payable for the rest of the month is estimated at \$16,000 (payroll. taxes, worker comp ins, accounting).

The projected 2016-2017 EOY carryover to 2017-2018 is \$12,045.08. The actual FEFP for 2016-2017 was \$470,598.00 which gives a required 3% reserve of \$14,117.94, or \$2,072.86 more than the projected carryover amount. The QB account expenditures as of Jun 19 are \$21,945.92 less than the reconciled activity ledgers.

As of Jun 19, 2017 we had received about 103% of our EXPECTED REVENUE, and had spent 101% of our projected EXPENDITURES.

Since November 2016, the rent for sites 200, 106, and 107 have been paid using all of the PECO Funds. When the rent exceeds the amount of PECO Funds, the rest of the rent is paid with FEFP Funds. Because of the timing of receipt of PECO and FEFP Funds versus the rent billing date, the balance of rent due from FEFP funds is paid from the Miscellaneous Funds account and then reimbursed from the FEFP account after receipt of FEFP funds. This reimbursement transaction is highlighted in beige-pink in the activity ledger.

The sponsor must annually review implementation of the school improvement plan to monitor the school's continued improvement pursuant to subparagraph 5.

- (9) CHARTER SCHOOL REQUIREMENTS.
- 4. A charter school's charter contract is automatically terminated if the school earns two consecutive grades of "F" after all school grade appeals are final unless:
- a. The charter school is established to turn around the performance of a district public school pursuant to s. 1008.33(4)(b)3. Such charter schools shall be governed by s. 1008.33;
- b. The charter school serves a student population the majority of which resides in a school zone served by a district public school that earned a grade of "F" in the year before the charter school opened and the charter school earns at least a grade of "D" in its third year of operation. The exception provided under this sub-subparagraph does not apply to a charter school in its fourth year of operation and thereafter; or
- c. The state board grants the charter school a waiver of termination. The charter school must request the waiver within 15 days after the department's official release of school grades. The state board may waive termination if the charter school demonstrates that the Learning Gains of its students on statewide assessments are comparable to or better than the Learning Gains of similarly situated students enrolled in nearby district public schools. The waiver is valid for 1 year and may only be granted once. Charter schools that have been in operation for more than 5 years are not eligible for a waiver under this subsubparagraph.

The sponsor shall notify the charter school's governing board, the charter school principal, and the department in writing when a charter contract is terminated under this subparagraph. The letter of termination must meet the requirements of paragraph (8)(c). A charter terminated under this subparagraph must follow the procedures for dissolution and reversion of public funds pursuant to paragraphs (8)(e)-(g) and (9)(o).

- 5. The director and a representative of the governing board of a graded charter school that has implemented a school improvement plan under this paragraph shall appear before the sponsor at least once a year to present information regarding the progress of intervention and support strategies implemented by the school pursuant to the school improvement plan and corrective actions, if applicable. The sponsor shall communicate at the meeting, and in writing to the director, the services provided to the school to help the school address its deficiencies.
- 6. Notwithstanding any provision of this paragraph except sub-subparagraphs 4.a.-c., the sponsor may terminate the charter at any time pursuant to subsection (8).
- (o)1. Upon initial notification of nonrenewal, closure, or termination of its charter, a charter school may not expend more than \$10,000 per expenditure without prior written approval from the sponsor unless such expenditure was included within the annual budget submitted to the sponsor pursuant to the charter contract, is for reasonable attorney fees and costs during the pendency of any appeal, or is for reasonable fees and costs to conduct an independent audit.
- 2. An independent audit shall be completed within 30 days after notice of nonrenewal, closure, or termination to account for all public funds and assets.
- 3. A provision in a charter contract that contains an acceleration clause requiring the expenditure of funds based upon closure or upon notification of nonrenewal or termination is void and unenforceable.
- 4. A charter school may not enter into a contract with an employee that exceeds the term of the school's charter contract with its sponsor.
- 5. A violation of this paragraph triggers a reversion or clawback power by the sponsor allowing for collection of an amount equal to or less than the accelerated amount that exceeds normal expenditures. The reversion or clawback plus legal fees and costs shall be levied against the person or entity receiving the accelerated amount.

Sharon M. Murry Chair Board of Trustees Ocali Charter Middle School

Dear Mrs. Murry:

As the school year comes to a close, I need to tender my resignation as members of the Board of Trustees of the Ocali Charter Middle School effective June 30, 2017.

It has been quite an experience going from knowing nothing about charter schools to being embroiled in digging for the truth of what actually happened in the previous year prior to becoming a member of the Board of Trustees.

I have greatly enjoyed my time working on the Board of Trustees, but it is now time for me to move on. I have learned a lot, but of all, I have made new friends.

I will continue to support the school in any way that I can, but just not as a trustee.

Thank you for understanding,

Ro Chabot Vice Chair
